

Reflection Questions:

1. Reflect/discuss on the following statement offered by Pete Enns: "Israel is to be kept in a perpetual state of dependance." How does such a 'perpetual state of dependance on God' sit with you?
2. Read vs. 4 and 20. What motivates the people to do what they do in vs. 20?
3. What would it be like for you to only have enough food for a day at a time? How would you treat the food? How would you think about tomorrow?
4. Read v. 17-18. How do you define 'enough'? How might taking one day at a time redefine 'enough'? What is the American cultural view of enough?

Practice for the Week:

One or two mornings this week, take a moment and write down everything that happened the day before. Become aware of the 'fullness of life' in the previous day.
