

Reflection questions:

1. How would you describe the concept of the 'desert' in the life of faith? What happens there? What does it look like?
2. What is the significance of 'promise' bookending the desert experience?
3. What is the purpose of the desert?
4. Do you have a 'desert story' illustrating how God used a desert experience to ready you for a promise? Or how it was a place where you met God in a special way?

Practice for the Week:

Write out a list of questions you have for God regarding your desert experience (past or present). If you're willing, share them with a trusted friend.
